

FS72SPR - Automatic Hand Sanitiser Spray Dispenser 1.1L

Available now

20 x Unit Multipack £ 849 + vat

Description

This compact, solid ABS automatic dispenser, suitable for spray liquid hand sanitiser, produces a 1ml mist spray on the hands per pump. A touch free way of reducing cross-contamination and the spread of germs. It has a large refill capacity of 1,100ml.

Battery powered; it works on just 0.5W rated power. The battery life is good for around 70,000 uses. A window is provided so that liquid levels can be monitored and the unit is easily refilled under a lockable cover.

The unit requires 4 AA / LR6 Alkaline batteries
